3. APPROACH TO VALUATION

- 3.1. It is universally recognised that valuation is not an exact science and that estimating values necessarily involves selecting a method or approach that is suitable for the purpose.
- 3.2. It may be noted that the Institute of Chartered Accountants of India (ICAI) on June 10, 2018 has issued the ICAI Valuation Standards (“IVS”) effective for all the valuation reports issued on or after July 1, 2018. The IVS shall be mandatory for the valuation done under the Companies Act, 2013, and recommendatory for valuation carried out under other statutes/ requirements. We have given due cognizance to the same in carrying out the valuation exercise.
- 3.3. IVS 301 on Business Valuations deals with valuation of a business or business ownership interest (i.e. it includes valuation of equity shares).
- 3.4. IVS 301 specifies that generally, following three approaches are used for valuation of business/business ownership interest:
- Market approach
 - Income approach
 - Cost approach
- 3.5. Each of the above approaches are discussed in the following paragraphs.

3.6. Market Approach:

3.6.1. Market Price Method:

This method involves determining the market price of an entity based on its traded price on the stock exchange over a reasonable period of time. In the present case, the equity shares of HSSL and MIL are traded on BSE and NSE. In these circumstances, the share price observed on NSE for the respective companies over a reasonable period, has been considered for arriving at the value per equity share of the companies under the market price method.

The shares of the Investment Companies are not listed and, therefore, this method cannot be used to arrive at the value under this approach.

3.6.2. Comparable Companies Multiple Method (“CCM”):

This method involves valuing an asset based on market multiples of Comparable Companies.

In case of HSSL and MIL, we have considered Enterprise value to Earnings before interest, tax, depreciation and amortization (EV/EBITDA) multiple of the comparable listed companies for the purpose of our valuation. The Enterprise Value so arrived at above is adjusted for cash and cash equivalents, investments, debt and other matters as considered appropriate. The total equity value is then divided by the total number of equity shares for arriving at the value per equity share of the Companies under CCM method.

This report should be read with the limitations detailed hereinunder

Page 6 of 18

In case of Investment Companies, there is no substantial business in the company, and, therefore, we cannot apply market multiples to its profits, nor can we establish any comparable companies. We have therefore, not used the CCM Method for deriving value of Investment Companies.

3.7. Income Approach:

Income Approach is a valuation approach that converts maintainable or future amounts (e.g., cash flows or income and expenses) to a single current (i.e., discounted or capitalised) amount. An approach based on earnings is relevant in case of companies generating a steady stream of income.

As mentioned earlier, the Investment Companies do not have significant business operations, and therefore, do not have steady stream of income / business plans. Therefore, Income Approach cannot be used to derive their value.

HSSL & MIL are in cyclical industry. Also, MIL has a number of subsidiaries and associate companies. Due to these factors we do not have detailed long term projections of the Companies. We have therefore, not used this method for the valuation exercise.

3.8. Cost Approach or Asset Approach:

It is a valuation approach that reflects the amount that would be required currently to replace the service capacity of an asset (often referred to as current replacement cost). IVS 301 on Business Valuations and IVS 103 on Valuation Approaches and Methods specify that common methodologies for the Cost Approach are the Replacement Cost Method and the Reproduction Cost Method. These methods involve determining the value of the asset based on the cost that would have to be incurred to recreate/replicate the asset with substantially the same utility as that of the asset under valuation.

This approach involves determining the value per share based on the assets and liabilities of a company. We have used the Cost Approach to determine the value of the Investment Companies. For the purposes of this approach, the value of underlying investments in HSSL and other assets have been considered at their realizable/fair values.

3.9. Preference Shares:

MIL proposes to issue 0.01% Non-Convertible Redeemable Preference Shares ('NCRPS') of Face and paid up value of INR 100 each at an issue price of INR 121.25 per share with a yield of 7.5% per annum on the issue price. These NCRPS will have a tenor of 36 months and it will be redeemable at any time after 18 months from the date of issue at the option of MIL.

The proposed Scheme of Amalgamation contemplates amalgamation of HFSL, HL, HVPL, HCPL with MIL at Step 1, and HSSL with MIL at Step 2. Arriving at the fair share exchange ratio for the proposed Amalgamation would require determining the relative value of the equity shares of the Transferor Companies and the equity shares / NCRPS of Transferee Company.

This report should be read with the limitations detailed hereunder

Page 7 of 18

4. BASIS OF FAIR SHARE EXCHANGE RATIO

- 4.1. The basis of the fair share exchange ratio for the Proposed Amalgamation would have to be determined after taking into consideration all the factors and methods mentioned hereinabove. Though different values have been arrived at under each of the above methods, for the purposes of recommending the fair share exchange ratio it is necessary to arrive at a final value for the shares of each Company. It is, however, important to note that in doing so, we are not attempting to arrive at the absolute values of the Companies, but at their relative values to facilitate the determination of the fair share exchange ratio.
- 4.2. The fair share exchange ratio has been arrived at on the basis of a relative equity valuation of the Companies based on the various approaches / methods explained herein earlier and various qualitative factors relevant to each company and the business dynamics and growth potentials of the businesses of the Companies, having regard to information base, key underlying assumptions and limitations. For this purpose, we have given appropriate weights to the values arrived at under each approach / method. This is the approach considered for determining the fair value of the Transferor Companies and the Transferee Company. It may herein be noted that we have arrived at a single fair value of MIL, which is considered for both Step 1 and Step 2.
- 4.3. However, attention may also be drawn to Regulation 158 of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (“ICDR Regulation”) which specifies that preferential issue of equity shares to shareholders of an unlisted entity pursuant to a National Company Law Tribunal approved scheme shall conform with the pricing provisions of preferential issue specified under Regulation 164 of the said regulations. Further, it may be noted that Regulation 164 specifies the base price for issue of shares on a preferential basis. In the Proposed Amalgamation, at Step 1, unlisted entities (i.e. Investment Companies) are amalgamating with MIL, a listed entity. We have therefore, given due cognizance to the base price derived using the formula prescribed under ICDR Regulations after considering the fair value of MIL while determining the swap ratio at Step 1. Further, since, amalgamation of HSSL with MIL is not specifically covered by Regulation 158, the ratio for the said amalgamation is guided by the fair values of the two companies arrived as per the methodologies discussed above.
- 4.4. Besides holding shares in HSSL, the Investment Companies also own some other assets. Therefore, the per share values of these companies include the values of these assets. It may be noted that the value of investment that these companies have in HSSL is considered at the same fair value as that considered in Step 2. Besides this, the per share value and, thereby, the exchange ratios are also reflective of the respective share capital of the investment companies.
- 4.5. We have independently applied methods discussed above, as considered appropriate, and arrived at their assessment of value per share of the Companies. To arrive at the consensus on the fair share exchange ratio for the Proposed Amalgamation, suitable minor adjustments / rounding off have been done in the values.

This report should be read with the limitations detailed hereunder

CONCLUSION

Based on the foregoing, and on a consideration of all the relevant factors and circumstances as discussed and outlined hereinabove, we recommend following Fair Share Exchange Ratio for the Proposed Amalgamation

Step 1

For Amalgamation of HFSL with MIL

As mentioned above, 100% of the share capital of HFSL is held by HL. As a part of the Proposed Amalgamation, at Step 1, since HL is also amalgamating with MIL, shares of MIL shall not be issued as consideration to shareholders of HFSL i.e. HL.

For Amalgamation of HL with MIL

180 (One Hundred Eighty) equity shares of MIL of INR 2 each fully paid up for every 121 (One Hundred Twenty-One) equity shares of HL of INR 10 each fully paid up, or

58 (Fifty-Eight) 0.01% NCRPS of MIL of INR 100 each fully paid up, at an issue price of INR 121.25 per share for every 14 (Fourteen) equity shares of HL of INR 10 each fully paid up

For Amalgamation of HVPL with MIL

1,996 (One Thousand Nine Hundred Ninety-Six) equity shares of MIL of INR 2 each fully paid up for every 30 (Thirty) equity shares of HVPL of INR 10 each fully paid up, or

2,409 (Two Thousand Four Hundred Nine) 0.01% NCRPS of MIL of INR 100 each fully paid up, at an issue price of INR 121.25 per share for every 13 (Thirteen) equity shares of HVPL of INR 10 each fully paid up

For Amalgamation of HCPL with MIL

767 (Seven Hundred Sixty-Seven) equity shares of MIL of INR 2 each fully paid up for every 14 (Fourteen) equity shares of HCPL of INR 10 each fully paid up, or

3,357 (Three Thousand Three Hundred Fifty-Seven) 0.01% NCRPS of MIL of INR 100 each fully paid up at an issue price of INR 121.25 per share for every 22 (Twenty-Two) equity shares of HCPL of INR 10 each fully paid up

Step 2

For Amalgamation of HSSL with MIL

4 (Four) 0.01% NCRPS of MIL of INR 100 each fully paid up, at an issue price of INR 121.25 per share for every 1 (One) equity share of HSSL of INR 10 each fully paid up

Re: BSE remark dated March 12, 2019 requiring the Company to provide the details/ clarifications for below mentioned points:

- i. Confirm whether the shares of the Companies listed are frequently traded and if yes, submit the workings for Market Approach and Comparable Companies Multiples Method;
- ii. Submit the workings for Asset Approach; and
- iii. Asset approach is not utilised for MIL and HSSL. Provide reasons for the same.

Dear Sir,

This is in relation to your email dated April 01, 2019 requesting our comments on BSE remark dated March 12, 2019 to the abovementioned details/ clarifications required for the proposed amalgamation of:

- a) Amalgamation of Harita Financial Services Limited ('HFSL'), Harita Limited ('HL'), Harita Venu Private Limited ('HVPL') and Harita Cheema Private Limited ('HCPL') with Minda Industries Limited ('MIL'); and
- b) Immediately thereafter, Amalgamation of Harita Seating Systems Limited ('HSSL') with MIL as a part of the Composite Scheme of Amalgamation.

In this regard, we wish to draw your attention to explanations below supported by relevant valuation workings ("the Valuation Workings") and relevant paragraphs of the Valuation Report dated February 14, 2019 ("the Valuation Report") on the proposed amalgamation.

• **Confirm whether the shares of the Companies listed are frequently traded and if yes, submit the workings for Market Approach and Comparable Companies Multiples Method**

- 'Frequently traded shares' as per Regulation 164 of SEBI (Issue of Capital and Disclosure Requirement) 2018 means shares, in which the traded turnover on any stock exchange during the twelve calendar months preceding the relevant date, is at least ten per cent of the total number of shares of such class of shares.

Further, the Relevant Date for Schemes of Arrangement by Listed Entities as per SEBI Circular 'CFD/DIL3/CIR/2017/26' dated March 23, 2017 means the date of Board meeting in which the scheme is approved

- The table below depicts, the total traded quantity and weighted average/total number of equity shares of HSSL and MIL, being the listed companies:

Particulars	HSSL	MIL
Shares traded during 12 months ended January 31, 2019	27,39,993	418,99,723
Weighted average number of equity shares for the 12 months ended January 31, 2019	77,69,040	1853,54,722
Trading percentage	35.27%	22.61%

As the percentage of shares traded during the twelve calendar months preceding the Relevant Date, to the total weighted average number of equity shares outstanding in the said period, for both HSSL and MIL is more than 10% on NSE, the shares of HSSL and MIL are frequently traded.

- It may herein be noted that the value per share of HSSL and MIL under the Market Approach is the average of value per share under the Market Price Method and the Comparable Companies Multiple Method.
- The workings of SSPA & Co. for HSSL and MIL as per Market Price Method & Comparable Companies Multiples Method is attached herewith as '**Annexure 1A**'
- The workings of Banshi S. Mehta & Co for HSSL and MIL as per Market Price Method & Comparable Companies Multiples Method is attached herewith as '**Annexure 1B**'.
- **Submit the workings for Asset Approach**
 - Para 3.8 of the Valuation Report explains that the Cost or Asset Approach has been considered to determine the value of the Investment Companies i.e. HL, HCPL, HVPL and HFSL.
 - The workings of SSPA & Co. for Investment Companies as per Asset Approach is attached herewith as '**Annexure 2A**'.
 - The workings of Banshi S. Mehta & Co for Investment Companies as per Asset Approach is attached herewith as '**Annexure 2B**'.
- **Asset Approach is not utilised for MIL and HSSL. Provide reasons for the same.**
 - Para 3.8 of the Valuation Report explains the Cost Approach or the Asset Approach. The relevant excerpt of the aforementioned paragraph is reproduced below for your reference –

“It is a valuation approach that reflects the amount that would be required currently to replace the service capacity of an asset (often referred to as current replacement cost). IVS 301 on Business Valuations and IVS 103 on Valuation Approaches and Methods specify that common methodologies for the Cost Approach are the Replacement Cost Method and the Reproduction Cost Method. These methods involve determining the value of the asset based on the cost that would have to be incurred to recreate/replicate the asset with substantially the same utility as that of the asset under valuation.”
 - Taking into consideration the going concern status and nature of business operations of HSSL and MIL the replacement cost/reproduction cost of the assets and liabilities is considered to be of limited relevance. Therefore, Asset Approach is not considered appropriate by us to determine the value per share of HSSL and MIL.

Terminologies that have not been defined in this letter shall continue to take meaning from their definitions in the Valuation Report.

Trust this clarifies. Kindly let us know in case any other clarifications are required.

In the event that the investment company does not perform well, the value of our investments made in the investee companies may decline and there is no assurance that we will be able to cover the losses suffered due to this decline.

INDEPENDENT AUDITOR'S LIMITED REVIEW REPORT ON THE UNAUDITED STANDALONE FINANCIAL RESULTS FOR THE QUARTER ENDED 30th JUNE 2019

The Board of Directors,
Harita Seating Systems Limited,
No.29, Haddows Road,
Chennai 600 006

1. We have reviewed the accompanying statement of Unaudited Standalone Financial Results of Harita Seating Systems Limited (the 'Company'), for the Quarter ended 30th June 2019 (the 'Statement') being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, read with SEBI circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016.
2. This statement which is the responsibility of the Company's Management has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards 34 (Ind AS 34) "Interim Financial Reporting", prescribed under Section 133 of the Companies Act, 2013 read with relevant rules thereunder and other accounting principles generally accepted in India and has been approved by the Board of Directors at their meeting held on 13th August 2019. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of Unaudited Standalone Financial Results prepared in accordance with the applicable Indian Accounting Standards prescribed under Section 133 of the Companies Act 2013 and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, read with SEBI circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.

- 10) Effective 01 April 2019, the Company adopted Ind AS 116 "Leases", applied to all lease contracts existing on 01 April 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings as on the date of initial application. On 01 April 2019, the Company has recognised a lease liability measured at the present value of the remaining lease payments and Right-of-Use (ROU) assets at its carrying amount as if the standard had been applied since the lease commencement date, but discounted using the lessee's incremental borrowing rate as at 01 April 2019.

Consequently, in the statement of profit and loss for the current period, the nature of expenses in respect of operating leases has changed from "Rent" in previous period to "Depreciation and amortisation expense" for the right of use assets and "Finance cost" for interest accrued on lease liability. As a result the "Rent", "Depreciation and amortisation expense" and "Finance cost" of the current period is not comparable to the earlier periods.

Limited review report on unaudited quarterly standalone financial results of Minda Industries Limited pursuant to the Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015

**To
Board of Directors of Minda Industries Limited**

1. We have reviewed the accompanying Statement of unaudited standalone financial results of Minda Industries Limited for the quarter ended 30 June 2019 (“the Statement”).
2. This Statement, which is the responsibility of the Company’s management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Attention is drawn to the fact that the figures for the 3 months ended 31 March 2019 as reported in these financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.
5. Based on our review conducted as above and based on the consideration of the review reports of other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Our conclusion is not modified in respect of such matter.

To
Board of Directors of Minda Industries Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Minda Industries Limited (“the Parent”) and its subsidiaries (the Parent and its subsidiaries together referred to as “the Group”), and its share of the net profit after tax and total comprehensive income of its associates and joint ventures for the quarter ended 30 June 2019 (“the Statement”), being submitted by the Parent pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (“Listing Regulations”).
2. This Statement, which is the responsibility of the Parent’s management and approved by the Parent’s Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities listed in Annexure 1.
5. Attention is drawn to the fact that the figures for the 3 months ended 31 March 2019 as reported in these financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.
6. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other

accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

7. These interim financial results have been reviewed by other auditors whose reports have been furnished to us and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associates and joint ventures, is based solely on thereports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Certain of these subsidiaries and a joint venture are located outside India whose financial results have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been reviewed by other auditors under generally accepted auditing standards applicable in their respective countries.
