Voluntary Disclosures

▸▸ From Page 1

First, when an individual, pulled up for escaping tax on unexplained income, the department, he would have to bear a burden as high as 99%—a 30% tax, 25% surcharge, 4% cess, and 200% penalty (on 30%). Second, a person who chooses not to contest the decision in the appellate bodies and courts, would be spared from the 200% penalty but must pay an 'additional tax' of 120%. Here, the outgo adds up to 75%, as against 84% he has to cough up now. (The 84% rate includes 78% for voluntary declaration and the current penalty of 10% on 60%). Interestingly however, an assessee can avoid even the lower rate of 75%, and get away by paying just 39% tax if he voluntarily reports the income before the department gets a whiff of it and acts.

According to senior chartered accountant Pradip N Kapasi, a taxpayer may explore afresh the right to voluntarily include the undisclosed income of the specified kinds while filing the return of income for the Tax Year 2026-27 onwards by paying taxes at 39% thereon before the year-end u/s 195 of the IT Act. "Due to the proposed amendments, the tax otherwise payable is 78% of such income. However, such a position should be taken by only those who are not searched and are absolutely sure that the undisclosed amount is not categorised in any way as 'proceeds of crime' (POC) or benami property, and the income pertains to the tax year for which return is filed," he said.

Thus, someone regularising unexplained income by paying 39% must remember that a POC tag could trigger invocation of harsh laws and enforcement actions taken to curb money laundering, benami deals, and black money.

NUDGE TO COME CLEAN?

"The proposed change may be designed to nudge taxpayers to either voluntarily offer such unexplained amounts, in which case no penalty would arise and the effective tax incidence will remain at 39%. Or, to opt for payment of an additional tax of 120% to bring the matter to closure once such income is detected by the assessing officer during assessment proceedings," said Harshal Bhuta, partner at the CA firm P R Bhuta & Co.

The existing provisions permitting voluntary declaration of income relating to unexplained credits, investments, assets, expenditure, and amounts borrowed or repaid through hundis found few takers due to the high tax of 78%, said Ashish Karundia, founder of the CA firm Ashish Karundia & Co. Consequently, the task of spotting such income was left to tax officials, leading to prolonged assessments and multiple litigations. "While the budget proposal aims to encourage voluntary disclosure of unexplained income by levying tax at 39% with no penalty and granting immunity from prosecution (thereby facilitating early closure and reducing litigation and administrative burden), the relief is confined to the I-T law. Such disclosures may still have consequences under other legislations, including GST, depending on the nature and source of the income," said Karundia.

HP, Dell, Acer, Asus Eye Chinese Memory Chips Amid Crunch

PC makers HP, Dell, Acer and Asus are considering sourcing memory chips from Chinese chipmakers for the first time amid a global supply crunch that is threatening product launches and pushing up costs across the tech industry, Nikkei Asia reported on Thursday. Reuters could not immediately verify the report. HP, Dell, Acer and Asus did not immediately respond to Reuters' request for comment. This comes at a time when global electronics supply chains are grappling with an acute shortage of memory chips. Reuters

Compliance with US Standards

▸▸ From Page 1

Sinha also highlighted that capturing this opportunity will require certifications, compliance with stringent US standards, and stronger after-sales and local partnerships

In FY25, India exported solar modules worth $1.12 billion, of which the US accounted for 97%. Similarly, solar cell exports to the US accounted for around 93% of the total $32 million. "It significantly enhances the cost-competitiveness of Indian-made solar cells and modules. This improvement will make projects more profitable for US developers and create a substantial new demand for high-efficiency, made-in-India products in the coming years," said Saatvik Green Energy CEO Prashant Mathur.

Vikram Solar has earmarked ₹4,371 crore of capital expenditure to install a 5 gigawatt-hour (GWh) BESS manufacturing facility in Tamil Nadu, to be commissioned by FY27. Waaree Energies, the country's largest solar module maker, is expanding into BESS, inverters and green hydrogen and investing nearly ₹10,000 crore in a 20 GWh BESS facility by FY28. Saatvik Green Energy also plans to foray into BESS, transformers and cables as part of its transition into a fully integrated clean energy solutions provider.

The diversified product portfolio is likely to help them tap export opportunities in the US market.

AMERICAN SCOPE

The North American BESS market is projected to rise to $49.3 billion by 2031 from an expected $24 billion in 2026 at a compounded annual growth rate (CAGR) of 15.5%, according to Mordor Intelligence.

Retail Therapy

▸▸ From Page 1

Experts attribute this to low barriers to entry into the segment.

"Reels is now the launchpad for fashion trends in India, with engagement on fashion and style content 40% higher on Reels than other platforms," said Meghna Apparao, director – ecommerce and retail, Meta (India). "To address these evolving behaviours, we launched omnichannel ads last year, enabling advertisers to highlight nearby store locations to people most likely to shop in person." For many Gen Z shoppers in their early 20s, shopping via a social media ad while scrolling through the feed feels most natural, with impulse purchases offering both retail therapy and instant gratification. "Things like make-up, fashion jewellery or reasonably priced apparel are impulse purchase items. While the user is just scrolling on Instagram and likes a post, they immediately visit the website and place the order since the price is low," said Pallavi Mohadikar, chief executive, Palmonas.

The jewellery brand, which retails 17- and 18-carat goldplated items, records about 65-70% of its traffic from paid marketing campaigns on Instagram.

"Brands know that the open rate on Instagram is higher compared to any other shopping app on a user's phone," said Renu Bisht, founder of direct-to-consumer brand consulting firm Commercify360. "When brands look at advertising on Meta, they think of Instagram as the primary platform. In the Meta universe, most of the interaction happens on Instagram for anyone above 22 years."

According to Bisht, about 70% of a fashion or jewellery brand's marketing communications spend goes towards ads on Meta, with the rest being divided between Google and ecommerce.

"The entry barrier is very, very low and that's why you see a lot of Instagram sellers popping up," said Mohadikar. "People who understand the market, the customer, the insights, and build on it, become big."

Aavriti R Jain, founder of Dhora, said, "While the platform has enabled rapid brand creation and organic scale, it has also opened the door to China-sourced goods offered by discount-heavy players, leading to commoditification, copies and even fraud." . The result is near-identical products, with consumers increasingly struggling to tell one brand from another, making price and posting frequency often matter more than originality. "Even if you decide tomorrow, you can source, launch a brand and start selling instantly online," said Rishi Baweja, cofounder, Hannan.

The popular brands are trying hard to stand out from competitors. "What separates winners from the rest is execution," said Vidhushi Jain, founder of Attrangi, which started as an Instagram store in 2018. "Consistent posting, sharp merchandising, frequent catalogue refreshes and well-packaged offers have become central to growth."

Certain Restrictions Imposed

▸▸ From Page 1

"These reforms aim to take India's startup journey into its next phase of growth & further strengthen the country's position as a global innovation hub," Goyal said in a post on X.

The government, however, has also imposed certain restrictions to ensure benefits of a recognised startup flow to genuine entities.

"The government of India has now notified a revised framework and eligibility criteria for recognising entities as startups, with the objective of strengthening the country's innovation ecosystem," the department said, adding that the changes are aimed at supporting deep-technology ventures, long-term R&D-driven enterprises and innovation-led cooperatives.

India has recognised more than 200,000 startups since the programme's launch in 2016, making it one of the world's largest startup ecosystems. Recognised firms are eligible for benefits including access to government funding schemes, tax exemptions and regulatory relief.

The overhaul reflects a shift in India's startup landscape toward longer innovation cycles, higher capital intensity and delayed commercialisation, particularly in deep tech, manufacturing and R&D-heavy sectors, the department said, noting that many such firms outgrow existing thresholds while still in development.

The formal recognition of deep tech startups signals a strategic shift, said Sandeepp Jhunjhunwala, M&A tax partner at Nangia Global Advisors. "The inclusion of the deep startups category showcases that India is prioritising deep tech to move from a nation of technology adoption to one of technology innovation," he said While the list of non-permissible asset investments for startups remains largely unchanged, the notification introduces a new restriction covering "any asset or activity of a speculative or non-productive nature, as may be notified by the government," Jhunjhunwala said.

Despite the ecosystem crossing 200,000 DPIIT-recognised startups, only about 2% currently receive income tax exemptions under Section 80-IAC, he said.

The revised framework also brings multi-state and state-registered cooperative societies within the definition of eligible startups, a move the government said could help drive innovation in agriculture, rural development and allied sectors. The changes follow consultations with industry stakeholders and multiple ministries, and are intended to reinforce India's ambition to position itself as a global hub for high-technology and knowledge-intensive entrepreneurship, the department said. Any entity formed by splitting up or reconstruction of an existing business shall not be considered as a startup. As per the notification, a deep tech startup has to work on producing a solution based on new knowledge or advancement within a scientific or engineering discipline, which is yet to be developed or is in the process of being developed.

It must have a high percentage of expenditure on research and development as a percentage of revenues or funding and own or be in the process of creating a significant novel intellectual property.

Further, the deep tech startup, during its period of recognition, will be disallowed from investing in assets or activities other than that integral to its core business operations.

NASDAQ DOWN 1.76%, DOW FALLS 1.3%

Wall St Slips as Alphabet Capex Plan, Qualcomm Outlook Deepen Tech Stock Rout

Reuters

New York: The S&P 500 dropped to an over two-week low and the Nasdaq sank to its lowest level in more than two months on Thursday, as the AI theme came under renewed pressure after Alphabet's spending plans and Qualcomm's downbeat forecast rattled investors.

Shares of Alphabet fell 4.2% after the Google parent said it would double its capital expenditure this year, signaling another aggressive push to strengthen its position in the AI race.

Qualcomm slid 8.2% after forecasting second-quarter revenue and profit below estimates. The pressure spread across tech mega-caps, with Microsoft and Tesla down 3.4% and 3.7%.

Big Tech is expected to collectively funnel more than $500 billion into the buildout this year, reigniting questions about sky-high valuations and when returns will actually show up. Those worries sharpened after Microsoft's results, sending traders out of pricey tech and into cheaper pockets of the market.

The CBOE volatility index, Wall Street's "fear gauge," rose 3.8 points to 20.49, hitting an over two-month high.

Amazon, another "Magnificent 7" stock, dropped 4.3% ahead of results, due after the market close.

"The AI trade which was the accelerant last year is perhaps the extinguisher this year with people realizing that AI is going to help certain kinds of companies but it is also going to hurt, particularly software, for example," said Melissa Brown, SimCorp's managing director of investment decision research. "Earnings were reported and not quite as good as investors had hoped for, that was a catalyst for a selloff."

Software and data services stocks such as ServiceNow and Salesforce were down 5% and 4% respectively.

The declines deepened an already bruising week for the group, as investors fret that rapidly improving AI tools could start eating into demand for traditional software, and squeezing growth expectations across the sector.

The S&P 500 software and services index slid 3.2%, chalking up a seventh straight session in the red and wiping out about $830 billion in market value since January 28.

Amid risk-off sentiment, silver and gold resumed a slide, with the white metal plunging almost 13%, after rebounding in the last couple of days from a sharp drop. Bitcoin fell below the $70,000 mark.

As traders dialed back exposure to pricey AI stocks, the market's rotation into cheaper, overlooked corners kept gathering steam. The S&P 600 small-cap index, the S&P 500 value index and the S&P 400 mid-cap index were all on track for weekly gains, even as the S&P 500 was staring at a drop of more than 2%.

At 11:07 a.m. ET, the Dow Jones Industrial Average fell 644.50 points, or 1.30%, to 48,856.74, the S&P 500 lost 95.74 points, or 1.39%, to 6,786.87 and the Nasdaq Composite lost 401.99 points, or 1.76%, to 22,500.42. Consumer staples, a defensive sector, was the only one of the index's 11 sectors trading in the green.

Projects Worth ₹31k crore to be Funded Via Green Bond Proceeds

Banikinkar Pattanayak

New Delhi: The government has lined up projects worth almost ₹31,000 crore that will be funded mainly through its green bond proceeds in FY27, almost a third higher than the revised estimate for the current fiscal, signalling heightened focus on sustainable financing, a senior finance ministry official said.

The Centre will decide the precise amount of the sovereign green bond float in FY27 in March when it finalises its borrowing plan for the next fiscal, but usually the project pipeline is readied for such funding well before. However, the funding requirement for the earmarked projects influences the size of the bond issue.

Railways is top contender for green bond funds, having identified projects worth ₹15,000 cr

The government finances these projects through its general resource mop-up if green bond proceeds fall short.

The government aims to garner ₹15,000 crore via green bonds this fiscal year.

New and renewable energy projects worth ₹11,700 crore have been identified for green funding in FY27, more than four times of just ₹2,500 crore this fiscal.

Railways remain the top contender for such funds, as it has identified projects worth ₹15,000 crore for green financing.

Separately, metro rail projects worth ₹4,069 crore are proposed to be funded by green bonds, according to the spending plans firmed up by the finance ministry.

The projects, identified by relevant departments and ministries, are assessed by a team led by the chief economic advisor before approval for green finances.

HEALTH AWARENESS INITIATIVE

Major healthcare boost for Assam

CM Himanta Biswa Sarma leads Assam's leap to AI-driven hospitals, anchors Lord's Mark Industries as strategic partner

Assam CM Himanta Biswa Sarma and Manav Toli, Executive Director, Lord's Mark Industries Ltd., at Gauhati Medical College and Hospital (GMCH)

In a landmark step towards redefining India's public healthcare infrastructure, Lord's Mark Industries Ltd. announced the successful installation of the world's first AI-based, contactless remote patient monitoring system at Gauhati Medical College and Hospital (GMCH). The advanced system has been deployed in a step-down ICU ward as part of the newly inaugurated medical college complex.

The facility was formally inaugurated by the Hon'ble Chief Minister of Assam, Himanta Biswa Sarma, marking a defining moment in the state's healthcare journey and positioning Assam at the forefront of AI-enabled clinical care in India.

The initiative reflects the proactive leadership of the Hon'ble Chief Minister, who has taken a clear and deliberate step to elevate Assam's public healthcare infrastructure to world-class standards. By championing the adoption of advanced AI-driven clinical technologies in partnership with Lord's Mark Industries Ltd., the state is ensuring that its citizens gain access to more accurate diagnostics, faster clinical guidance, and globally benchmarked standards of care, setting Assam apart as a national leader in future-ready healthcare delivery.

With this deployment, Assam becomes India's first state to operationalise an AI-driven hospital model within the public healthcare system, leveraging continuous, non-intrusive patient monitoring to enable early risk detection, real-time clinical insights, and faster, more accurate medical decision-making. The system eliminates physical contact while tracking vital parameters round-the-clock, enhancing patient safety, infection control, and clinical efficiency, particularly in high-dependency care settings.

Commenting on the development, Dr Sachidanand Upadhyay, Managing Director and CEO, Lord's Mark Industries Ltd., said, "India's healthcare system is at a pivotal inflection point where technology must move beyond pilot projects to become core clinical infrastructure. Our collaboration with the Government of Assam reflects a shift from reactive care to predictive, AI-led healthcare delivery. By deploying the world's first contactless, AI-based remote patient monitoring system, we are enabling clinicians with continuous, real-time insights that support more accurate diagnosis, timely intervention, and improved patient outcomes. Assam's leadership in adopting this model sets a powerful national benchmark for scalable, future-ready public healthcare."

The initiative aligns with Assam's broader ambition to strengthen healthcare access and quality through advanced digital infrastructure, while also serving as a replicable blueprint for other states, central health institutions, and private hospital networks across India.

For Lord's Mark Industries Ltd., the deployment reinforces its strategic focus on building globally relevant, Made-in-India healthcare technologies that address real-world clinical challenges, while working closely with governments and institutions to modernise India's healthcare ecosystem.

As India accelerates toward technology-enabled public services, this milestone in Guwahati stands as a powerful signal of what is possible when policy vision, innovation, and execution come together—setting a new national benchmark for AI-led healthcare transformation.

TALKS RESUME AFTER PAUSE

India Charts New Trade Course as it Inks FTA Terms with GCC

Piyush Goyal during the signing of FTA terms between India and the GCC

Our Bureau

New Delhi: India and the six-nation Gulf Cooperation Council (GCC) Thursday inked terms of reference for starting talks for a Free Trade Agreement (FTA). The West Asian bloc is the largest trading partner of India with bilateral goods trade of $178.56 in FY25.

Saudi Arabia, the UAE, Qatar, Kuwait, Oman and Bahrain are members of the GCC.

The terms of reference (ToR) outline the scope and modalities of a proposed trade pact.

Commerce and industry minister Piyush Goyal, who presided over the signing ceremony of the ToRs with the GCC, said that the trade pact brings predictability to policy. It will benefit the petrochemical industry and create opportunities for the ICT industry.

"It is most appropriate that we now enter into a much stronger and robust trading arrangement which will enable a greater free flow of goods, services, bring predictability and stability to policy, help encourage a greater degree of investments," Goyal said.

The two trading partners have been trading amongst each other for over 5,000 years and about 10 million Indians are living and working in the GCC region.

Launch of FTA talks with the GCC would be a kind of resumption of the negotiations, as the earlier two rounds of negotiations were held in 2006 and 2008 between the two regions.

The third round did not happen as GCC deferred its negotiations with all countries and economic groups. Goyal said the agreement will also encourage the food and energy security of the two sides.

Suzlon Q3 Profit Jumps 15% on Strong Tailwind

MORE DELIVERIES Earnings growth fuelled by co's highest-ever quarterly deliveries of 617 MW, an increase from 447 MW in Q3 FY25

Our Bureau

Mumbai: Renewable energy company Suzlon Energy on Thursday reported a 15% rise in fiscal third-quarter consolidated net profit at ₹445.29 crore compared to ₹386.92 crore a year earlier. Revenue from operations grew 42% to ₹4,228.18 crore in the three months ended December 31, from ₹2,968.81 crore in the year-ago period.

The earnings growth was fuelled by the company's highest-ever quarterly deliveries of 617 MW, an increase from 447 MW delivered in Q3 FY25, according to a regulatory filing.

"Our closing order book of 6.4 GW stands higher than the opening order book for the quarter, despite the highest-ever deliveries in 30 years," said JP Chalasani, chief executive officer, Suzlon Group.

The company's Ebitda surged 48% to ₹739 crore during the quarter under review, from ₹500 crore in the same quarter last year. Ebitda margin improved to 17.5% from 16.8% year-on-year. Suzlon Energy ended the quarter with net cash of ₹1,356 crore and a project development pipeline of over 25 GW and execution of 2.4 GW currently underway.

Girish Tanti, vice-chairman, Suzlon Group, said the company has initiated Suzlon 2.0, a comprehensive business transformation strategy aimed at establishing itself as a full-stack clean energy solutions conglomerate.

He noted that this strategic shift has broadened the company's scope across wind, solar, storage, and emerging clean energy technologies.

377 of 754 Aircraft Audited Show Recurring Snags

Mumbai | New Delhi: India's aviation regulator found "repetitive defects" in half, or 377, of the 754 aircraft it analysed during safety audits between January last year and February 3, the civil aviation ministry told the Lok Sabha on Thursday. Airlines reported 333 technical faults during 2025, down from 448 in 2023, the ministry said. "During the last three years, technical faults reported in flights have decreased," it said, sharing year wise data. Snags in the aviation industry are not always be critical to safety as a large part of them are reported in cabins, like a broken seat or non-functional in-flight screen. They are reported in the minimum equipment list and aircraft are allowed to operate with these. —Our Bureau

Indian Oil's Q3 Net Surges to ₹12,126 cr on Strong Margins

Our Bureau

New Delhi: Indian Oil Corp's net profit surged more than fourfold to ₹12,126 crore in the December quarter from ₹2,873 crore a year earlier, as lower crude oil prices and stable pump prices lifted fuel margins.

Revenue from operations grew 7% to ₹2,31,769 crore during the quarter.

The nation's largest refiner and fossil fuel retailer reported a more than doubling of gross refining margin of $8.41 per barrel for the April-December period, from $3.69 per barrel a year ago. For the first half of FY26, GRM averaged $6.32 per barrel.

Operating profit from petroleum products quadrupled to ₹16,836 crore from ₹4,117 crore a year earlier.

Operating profit in the gas business rose by a third to ₹596 crore, while losses in the petrochemical business more than doubled to ₹361 crore from ₹155 crore. The company received ₹2,414 crore in compensation from the government for selling cooking gas below market rates, which supported quarterly revenues and profits.

Co received ₹2,414 cr govt compensation for selling cooking gas below market rates, raising Q3 revenue and profit

Indian Oil's operating margin expanded sharply to 7.23% during the quarter from 1.49% a year earlier. Overall sales of petroleum products rose 4% to 27.18 million metric tonnes. Its shares closed 1.7% higher at ₹175.75 apiece on the BSE Thursday.

Tata's Mundra Plant Takes a ₹80- cr Hit

Mundra restart is key as the 4,000-MW plant makes up nearly a quarter of Tata Power's 16-GW capacity

Kalpana Pathak

Mumbai: Tata Power's 4,000 megawatt (MW) coal-fired Mundra power plant has incurred losses of around ₹800 crore during the first nine months of the current financial year, primarily due to a prolonged shutdown, the company said on Wednesday.

The plant has been shut for nearly six months, during which it did not receive any capacity charges, while fixed costs continued to be incurred. As a result, losses of about ₹800 crore were booked during the period, Tata Power CEO and managing director Praveer Sinha told analysts after the company announced its December-quarter results.

On Wednesday, Tata Power reported a muted year-on-year (y-o-y) growth in its consolidated profit for the December quarter, largely due to the suspension of operations at its Mundra Power Plant since July 3.

Restarting operations at Mundra is critical for Tata Power, as the plant accounts for nearly one-fourth of the company's total electricity generation capacity of around 16 gigawatts. The plant consists of five supercritical units of 800 MW.

Sinha said the company expects the Mundra plant to resume operations shortly, which should lead to a significantly stronger performance compared with the December quarter as well as the corresponding period last year.

The company said discussions with the Gujarat government are close to being finalised and is expected to be resolved in the coming weeks.

Tata Power is also in talks with four other power-procuring states—Rajasthan, Maharashtra, Punjab and Haryana—which may adopt the same framework once Gujarat finalises the agreement.

Indian Oil's Q3 Net Surges to ₹12,126 cr on Strong Margins

Our Bureau

New Delhi: Indian Oil Corp's net profit surged more than fourfold to ₹12,126 crore in the December quarter from ₹2,873 crore a year earlier, as lower crude oil prices and stable pump prices lifted fuel margins.

Revenue from operations grew 7% to ₹2,31,759 crore during the quarter.

The nation's largest refiner and fossil fuel retailer reported a more than doubling of gross refining margin of \$8.41 per barrel for the April-December period, from \$3.69 per barrel a year ago. For the first half of FY26, GRM averaged \$6.32 per barrel.

Operating profit from petroleum products quadrupled to ₹16,836 crore from ₹4,117 crore a year earlier. Operating profit in the gas business rose by a third to ₹596 crore, while losses in the petrochemical business more than doubled to ₹361 crore from ₹155 cr.

The company received ₹2,414 crore in compensation from the government for selling cooking gas below market rates, which supported quarterly revenues and profits.

Indian Oil's operating margin expanded sharply to 7.23% during the quarter from 1.49% a year earlier. Overall sales of petroleum products rose 4% to 27.18 million metric tonnes.

Fairfax, Kotak Mahindra to Submit Financial Bids for IDBI Divestment

Race to acquire 60.72% stake owned by govt and LIC, who together own over 90% of bank

Mohit Bhalla & Dheeraj Tiwari

New Delhi: Prem Watsa's Fairfax Financial and Kotak Mahindra Bank are set to submit financial bids separately for a majority stake in IDBI Bank along with supporting documents on Friday, according to people with knowledge of the matter. The two contenders are in a race to acquire the 60.72% stake belonging to the government and Life Insurance Corporation of India (LIC) that is on offer.

The Centre and LIC own over 90% of IDBI Bank.

The reserve price will be decided after receipt of the financial bids and before they are opened, said the people cited. This will only be known to a small group of government officials, they said. The reserve price will not be disclosed to the bidders, according to them.

"The reserve price will be set up on the basis of business valuation and asset valuation, which have been completed," said a government official. The Centre had appointed an asset valuer for IDBI.

Immovable assets such as land and buildings constitute approximately 3% of the total.

The Securities and Exchange Board of India's (Sebi) open offer pricing mechanism could also be one of the yardsticks used for establishing the reserve price, the people cited said.

IDBI Bank's disinvestment process was formally kicked off in October 2022 but faced delays due to various steps the government of India took to ease any hurdles for a potential buyer.

Notes:-

1) The Consolidated and Standalone Financial Results for the quarter and nine months ended on 31 December, 2025 have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on February 05, 2026.
2) The Board has approved and declared an interim dividend of Rs.0.90 per share i.e. 45% on equity shares (face value of Rs. 2 each). In term of regulation 42 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board has fixed Wednesday, February 11,2026 as the 'Record Date' for the purpose of ascertaining the eligibility of shareholders, for the payment of interim dividend. In terms of SEBI Regulations, 2025 (amended on 18 November 2025), payment of dividend through cheque/warrant has been omitted. Shareholders are requested to update their KYC and bank account details with the Company/RTA to enable electronic payment of dividend(s).
3) The above is an extract of the detailed format of the financial results of the company for the quarter and nine months ended on 31 December, 2025 filed with stock exchanges pursuant to Regulation 33 & 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of both these results (standalone and consolidated) are available on the stock exchange website(s) i.e. NSE website (www.nseindia.com), BSE website (www.bseindia.com) and or Company's website (www.unominda.com).
4) For exceptional and the other line items referred in regulation 52(4) of the Listing Regulations, pertinent disclosures have been made to the Stock Exchange(s) (NSE & BSE) and can be accessed on the NSE website (www.nseindia.com), BSE website (www.bseindia.com) and on Company's website (www.unominda.com).

ट्राइबल सादगी से डिजिटल जादू तक! 'इंडिया आर्ट फेयर' में छाए नायाब रंग

Katyayani.Upreti@timesofindia.com

■ नई दिल्ली: मॉडर्न आर्ट के मेगा मेले 'इंडिया आर्ट फेयर' के दरवाजे कला के कद्रदानों के लिए खुल चुके हैं। साउथ एशिया कलाकारों का मंच दिल्ली का इंडिया आर्ट फेयर अपने 17वें एडिशन में 87 गैलरी, 135 एग्जिबिटर्स, 95 गैलरियों, कई आर्ट इंस्टिट्यूशन के साथ कला की दुनिया के अजब-गजब रंग से रोमांचित कर रहा है। 8 फरवरी तक NSIC ग्राउंड्स, ओखला में चलने वाले इस मेले में इंटरनैशनल आर्टिस्ट के हैरान करने वाले आर्टवर्क हैं, तो ट्राइबल आर्ट की सादगी पर भी खास जोर है। गुरुवार को इंडिया आर्ट फेयर का आगाज हुआ जहां कला और उसके प्रेमी आमने-सामने नजर आए। इस बार 27 नई गैलरी भी कई नए-पुराने कलाकारों के आर्टवर्क, पेंटिंग, स्कल्पचर, इंस्टॉलेशन, लिथोग्राफ, डिजिटल आर्ट समेत कई आर्ट फॉर्म के साथ शरीक हुई हैं। एंट्री टिकट से है।

संडे तक चलेगा साउथ एशिया का मॉडर्न और कंटेंपरेरी आर्ट मेला

इंडिया आर्ट फेयर की डायरेक्टर जया अशोकन कहती हैं कि भारत और साउथ एशिया की कला की दुनिया से यह फेयर एक रोमांच लेकर आर्टलवर्स के बीच है। इस ग्लोबल स्टेज में भारत के हर क्षेत्र से कला के खूबसूरत नमूने शरीक हुए हैं। साउथ एशियन आर्ट अब एक निर्णायक मोड़ पर है। इसके कलाकारों को इंटरनैशनल लेवल पर लगातार पहचान मिल रही है, इस क्षेत्र की खास आर्ट स्टाइल को लेकर बाजार में काफी ध्यान दिया जा रहा है। उन्होंने कहा कि अब हमारा ध्यान इसे गहराई देना और लचीला बनाना है।

ग्लोबल गैलरी : कमाल के आर्टवर्क

- नेचर मोर्ते गैलरी में कंटेंपरेरी आर्ट का बड़ा नाम सुबोध गुप्ता का इंस्टॉलेशन 'ड्रिफ्ट ऑफ अ स्टार' लोगों को ठहरने पर मजबूर कर रहा है।
- कैनवास में स्टैनलेस स्टील! कोरियन कलाकारों के आर्टवर्क की खूबसूरती की इस मेले में खास जगह बन गई है।
- मुंबई की आर्टिस्ट तेजा गवनकर का इंटरेक्टिव इंस्टॉलेशन 'ब्रीद' सबकी नजरें खींच रहा है। एक आराम कुर्सी में आप झूलें, साथ में पराली, प्लाईवुड से बनाया गया एक बड़ा सा पंखा आपको सुकूं देगा।
- ऑस्ट्रेलिया की आर्टिस्ट और डिजाइनर ग्रेस लिलियन ली का इंस्टॉलेशन 'द विंड्स ऑफ गार्डियंस' चारों दिशाओं से बहने वाली हवाओं को पेश करता, एकसाथ बुना स्ट्रक्चर और एक ड्रीमवीवर मास्क है।
- पोल्का डॉट से लेकर कद्दू के साथ एक्सपेरिमेंट करने वाली मॉडर्न इंटरनैशनल मास्टर यायोई कुसामा की क्रिएटिविटी का एक और नायाब नमूना इस दफे इंडिया आर्ट फेयर में आपको मिलेगा।

सरकार जल्द लॉन्च करेगी दिल्ली मित्र ऐप/पोर्टल, AI करेगा निगरानी

21 दिनों में होगा शिकायतों का निपटारा

NBT 3 मिनट में पढ़ें

Brijesh.Singh@timesofindia.com

AI Image

■ नई दिल्ली : दिल्ली सरकार के विभागों से जुड़ी शिकायतों के निपटारे की फाइलें अब इस टेबल से उस टेबल पर नहीं घूमेंगी। शिकायतों के निपटारे के लिए 21 दिन की तय समयसीमा में निपटारा करना होगा। इसकी AI बेस्ड निगरानी के लिए इंटिग्रेटेड ग्रीवांस मैनेजमेंट सिस्टम (IGMS) भी बनाया जा रहा है। यह ना सिर्फ शिकायतों के निपटारे की निगरानी और उनका आकलन करेगा, बल्कि विभागों को उनके कामकाज के आधार पर रैंकिंग भी देगा।

सरकार के एक वरिष्ठ अधिकारी अनुसार दिल्ली सरकार जल्द ही शिकायतों के लिए डिजिटल प्लैटफॉर्म दिल्ली मित्र ऐप/पोर्टल लॉन्च करने की तैयारी कर रही है। जहां एक ही जगह पर सभी शिकायतों का निपटारा होगा। इस पर सरकार के विभागों के अलावा एमसीडी तक की शिकायतें भी की जा सकेंगी। शिकायतों के निपटारे को लेकर सरकार ने एसओपी भी तैयार कर ली है। उसके मुताबिक शिकायतों का निपटारा 21 दिन में जन शिकायत समाधान अधिकारी को करना होगा। अगर शिकायतकर्ता उससे संतुष्ट नहीं है, तो उसे आगे दो स्तर पर अपील करने का मौका मिलेगा। वहां पर भी 10-10 दिनों में कंप्लेंट कर निपटारा करना होगा।

रियल टाइम होगी निगरानी

शिकायतों के निपटारे की रियल टाइम निगरानी के लिए यूनिफाइड डैशबोर्ड बनेगा। यह AI डैशबोर्ड शिकायतों के निपटारे को लेकर परफॉर्मेंस ट्रैकिंग करेगा और सरकारी कामकाज की जवाबदेही तय करेगा। IGMS एडवांस्ड टूल्स का इस्तेमाल करके अलग-अलग प्लैटफॉर्म पर आ रही शिकायतों को भी आसानी से इंटिग्रेट करेगा। दूसरे ग्रीवांस पोर्टल पर दर्ज सभी शिकायतों को एक ही जगह दिखाएगा। अगर कई शिकायतों का एक ही कारण है तो उस कारण की पहचान भी करेगा।

ऐसे कर सकेंगे शिकायत

ऑनलाइन पोर्टल/दिल्ली मित्र ऐप
ऑफलाइनः सीएम ऑफिस, मंत्रियों के कार्यालय, मुख्य सचिव, डीएम कार्यालय।
कॉल सेंटर 1902

AI आधारित ग्रीवांस सिस्टम के फायदे

सिमेंटिक सर्चः यूजर्स को सिर्फ की-वर्ल्ड ही नहीं, शिकायत के नेचर कैसा है उसके आधार पर सर्च करने की सुविधा मिलेगी।
रूट कॉज एनालिसिसः बार-बार आने वाली शिकायतों के पीछे के असल कारणों और समस्याओं की पहचान करके बताएगा।
विभागों की पहचानः शिकायतों को संबंधित विभाग को ऑटोमेटिक तरीके से भेजेगा, स्पैम शिकायत को फिल्टर कर अलग करेगा।
विभागों की रैंकिंगः ग्रीवांस के समाधान ढूढने में कौन से विभाग आगे और कौन पीछे है, उनके प्रदर्शन के आधार पर रैंकिंग देगा।
डॉक्युमेंट ऑप्टिकल कैरेक्टर रिकग्निशनः हाथ से लिखे या टाइप किए गए शिकायती दस्तावेजों का डिजिटलीकरण करेगा।

ये है SOP, तीन स्तरों पर शिकायतों का निपटारा

1. जन शिकायत समाधान अधिकारी शिकायतों की जांच करेंगे। क्या कार्रवाई की गई, उसकी रिपोर्ट ऑनलाइन अपलोड करेंगे। 21 दिन का समय होगा। हर बुधवार को 10-12 सुनवाई होगी।
2. पहली कार्रवाई से संतुष्ट नहीं होने पर शिकायतकर्ता अपील अथॉरिटी के पास जा सकेंगे। वहां दोबारा इसपर जांच कर रिपोर्ट देनी होगी। इसके लिए 10 दिन का समय मिलेगा।
3. दो स्तर पर शिकायत के निपटारे से संतुष्ट नहीं होने पर तीसरी अपील 'फाइनल अपील अथॉरिटी' में कर सकते है। अथॉरिटी 10 दिनों में उसपर सुनवाई के बाद नया आदेश जारी करेगी।

इसकी ज़रूरत क्यों?

सरकार को अलग-अलग विभागों की रोजाना सैकड़ों शिकायतें मिलती हैं। अभी पीजीएमएस के जरिए शिकायतें सुनी और उनका निपटारा किया जाता है। यह सारी व्यवस्था ऑफलाइन है। इससे निगरानी ठीक से नहीं हो पाती।

NBT Lens खबरों के अंदर की बात

कई बार शिकायतें विभागों में घूमती रहती है। इसलिए सरकार एआई बेस्ड सिस्टम लेकर आ रही है। इससे सभी शिकायतों का निपटारा तय समयसीमा के अंदर होगा। शिकायतों के मूल कारणों को दूर करने में मदद मिलेगी।

ज़ीरो वेस्ट के विज़न के साथ प्लास्टिक बनेगा समाधान: CM

■ NBT रिपोर्ट, नई दिल्ली

गुरुवार को भारत मंडपम में आयोजित 12वीं अंतरराष्ट्रीय प्लास्टइंडिया 2026 प्रदर्शनी और कॉन्फ्रेंस में CM रेखा गुप्ता

CM रेखा गुप्ता ने कहा है कि नए इनोवेशन और रिसाइक्लिंग तकनीक के जरिए जीरो वेस्ट के विजन के साथ प्लास्टिक को समस्या नहीं, बल्कि समाधान बनाया जा सकता है। उन्होंने यह बात गुरुवार को भारत मंडपम में आयोजित 12वीं अंतरराष्ट्रीय प्लास्टइंडिया 2026 प्रदर्शनी और कॉन्फ्रेंस में कही। इस मंच से CM ने दिल्ली को ग्लोबल ट्रेड, डिस्ट्रीब्यूशन और इंडस्ट्री हब के रूप में डिवेलप करने का रोडमैप भी रखा और सरकार की ओर से उठाए गए कदमों की जानकारी दी।

CM ने कहा कि प्लास्टिक वेस्ट दिल्ली के लिए एक बड़ी चुनौती है लेकिन आधुनिक रिसाइक्लिंग और वेस्ट मैनेजमेंट तकनीक के जरिए इसे समाधान में बदला जा सकता है। उन्होंने जोर देकर कहा कि जीरो वेस्ट और ग्रोथ के विजन पर काम करना जरूरी है। प्लास्टिक बनाना भले ही व्यवसाय हो लेकिन जिम्मेदारी के साथ विकास सरकार का विजन है।

CM ने दिल्ली को इंडस्ट्री हब बनाने के लिए की अपील

CM ने आंत्रप्रेन्योर के लिए बनाई गई पॉलिसी की जानकारी भी दी। उन्होंने बताया कि दिल्ली सरकार आंत्रप्रेन्योर्स को बढ़ावा देने के लिए आर्थिक मदद उपलब्ध करा रही है। एमएसएमई सेक्टर में काम करने वालों के लिए 10 करोड़ रुपये तक का कोलेटरल फ्री लोन दिया जाएगा ताकि छोटे और मध्यम उद्यम बिना गारंटी के फाइनेंशल सपोर्ट पा सकें। सरकार का लक्ष्य 5,000 नए स्टार्टअप खड़े करना है, खासकर प्लास्टिक इंडस्ट्री में इनोवेशन और सस्टेनेबल समाधानों को बढ़ावा देना। CM ने कहा कि दिल्ली सिर्फ कंजम्पशन हब नहीं, बल्कि मजबूत ट्रेडिंग और डिस्ट्रीब्यूशन सेंटर के रूप में डिवेलप किया जाएगा। CM ने प्रदर्शनी में लगे स्टॉल्स का भी दौरा किया और प्लास्टिक इंडस्ट्री में रिसाइक्लिंग, सर्कुलर इकॉनमी और सस्टेनेबल इनोवेशन को नजदीक से समझा। प्लास्ट इंडिया फाउंडेशन के अध्यक्ष रविश कामत ने इस बारे में विस्तार से जानकारी दी। कार्यक्रम में 80 देशों के आंत्रप्रेन्योर्स शामिल हो रहे हैं। फाउंडेशन के मुताबिक, साल 2025 में भारत की प्लास्टिक इंडस्ट्री का साइज करीब 44 अरब डॉलर था, जो साल 2026 में 47 अरब डॉलर तक पहुंचने की उम्मीद है।

नोट्सः-

1. 31 दिसंबर, 2025 को समाप्त तिमाही और नौ महीनों के लिए समेकित और स्टैंडअलोन वित्तीय परिणामों की लेखा परीक्षा समिति द्वारा समीक्षा की गई है और बोर्ड ऑफ डायरेक्टर्स द्वारा उनकी बैठकों में 05 फरवरी, 2026 को अनुमोदित किया गया है।
2. बोर्ड ने प्रति शेयर 0.90 रुपये यानी इक्विटी शेयरों (प्रत्येक 2 रुपये अंकित मूल्य) पर 45% अंतरिम लाभांश को मंजूरी दी और घोषित किया है। भारतीय प्रतिभूति और विनिमय बोर्ड (सूचीकरण दायित्व और प्रकटीकरण आवश्यकताएं) विनियम, 2015 के विनियम 42 के तहत, बोर्ड ने अंतरिम लाभांश के भुगतान के लिए शेयरधारकों की पात्रता निर्धारित करने के उद्देश्य से बुधवार, 11 फरवरी, 2026 को "रिकॉर्ड तिथि" के रूप में तय किया है। सेबी विनियम, 2025 (18 नवंबर 2025 को संशोधित) के अनुसार, चेक/वारंट के माध्यम से लाभांश का भुगतान हटा दिया गया है। शेयरधारकों से अनुरोध है कि वे लाभांश के इलेक्ट्रॉनिक भुगतान को सक्षम करने के लिए कंपनी/आरटीए के साथ अपने केवाईसी और बैंक खाता विवरण को अपडेट करें।
3. उपरोक्त 31 दिसंबर, 2025 को समाप्त तिमाही और नौ महीनों के लिए कंपनी के वित्तीय परिणामों का विस्तृत प्रारूप का एक उद्धरण है, जिसे भारतीय प्रतिभूति और विनिमय बोर्ड (सूचीकरण दायित्व और प्रकटीकरण आवश्यकताएं) विनियम, 2015 के विनियम 33 और 52 के अनुसार स्टॉक एक्सचेंजों के पास दायर किया गया है। इन दोनों परिणामों (स्टैंडअलोन और समेकित) का पूरा प्रारूप स्टॉक एक्सचेंज वेबसाइटों जैसे एनएसई वेबसाइट (www.nseindia.com), बीएसई वेबसाइट (www.bseindia.com) और कंपनी की वेबसाइट (www.unominda.com) पर उपलब्ध है।
4. सूचीकरण विनियमों के विनियम 52(4) में उल्लिखित असाधारण और अन्य लाइन मदों के लिए, संबंधित खुलासे स्टॉक एक्सचेंज (एनएसई और बीएसई) को किए गए हैं और एनएसई वेबसाइट (www.nseindia.com), बीएसई वेबसाइट (www.bseindia.com) और कंपनी की वेबसाइट (www.unominda.com) पर देखे जा सकते हैं।

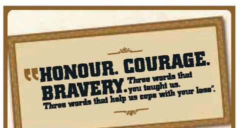
REMEMBRANCE SHARING MEMORIES

तृतीय पुण्य स्मरण दिवस
श्री अनिल कुमार मित्तल जी
(06/02/2023)
आपकी यादें, प्रेरणा, आशीर्वाद, आपके होने का एहसास हर पल हमारे साथ हैं, आपको हमारी भावभीनी श्रद्धांजली।
सुधा, दिव्य, समीर, दीक्षा, शोभित, ऋचा, अयान समवेदया एवं समस्त मित्तल परिवार करोल बाग, नई दिल्ली 9810172081



The silent joy of remembering a loved one.
The moments you shared together.
Little moments that make life beautiful.
Share them. With Friends. Relatives. Neighbours. Colleagues. With all those whose lives the departed Soul has touched. Because while life goes on, when you share memories, they stay on forever.
